

Abdrassilova Gulnara Seidahmetovna

Doctor of architecture, academic Professor
"Best university teacher-2015", listed in the "TOP-50 best teachers of Kazakhstan-2015".
g.abdrassilova@kazgasa.kz, g.abdrassilova@mail.ru, mobile: +7-701-758-38-57, +7-707-758-38-57.

Major academic activity:

- Study of the regional problems of modern architecture of Kazakhstan;
- development of scientific and methodological foundations for the design of modern agro-industrial facilities.

Anticipated studies:

- study of problems of regional architecture in Kazakhstan.

Scientific Achievements

Authored over 200 scientific and methodological publications, among which are monographs, textbooks and manuals.

Research implemented in industry and study process:

- in bachelor program, scientific and methodological developments in the field of architectural graphics were implemented;
- in the "Globalization and the Regional Issues of Architecture in Kazakhstan" discipline of doctorate study, results of scientific research in the field of regional architecture were implemented;
- in the "Foundations of Barrier-free Environment Design" discipline program, results of scientific research were implemented (co-author E.Murzagaliyeva).

Completed international projects:

- member of the research group for execution of the international project Erasmus+: 561685-EPP-1-2015-1-CZ-EPPKA2-CBHE-JP "Increasing the Potential in Implementation of Institutional Quality and Typology Assurance Systems Using The Bologna Process Principles (IQAT)";
- member of Erasmus+ staff mobility for teaching project (Agreement 1/PD/2015/2016) together with Bialostok University of Technology (Bialostok, Poland).

Completed in-country projects:

- research advisor of # 5585/ГФ4 project ("Development of Architectural Design Solutions for Processing Plants of Agro-industrial Complex of Almaty Agglomeration"), state-funded with scholarships in 2015-2017.

Training of the teaching staff:

- since 2012 advised on seven master's theses (students N. Kagner, L. Aukhadiyeva, E. Murzagaliyeva, E. Seksenbayev, A. Turganbay, D. Kunayeva, D. Agzamov).

Advisory on students' and masters' research and development, creative work:

- 1st and 2nd degree winners of international contests of the Interregional Public Organization for the Promotion of Architectural Education (E. Murzagaliyeva, A. Moldakalyk, M. Kibitkin, E. Krassukova, E. Seksenbayev, D. Kunayeva), international Festival of Architectural-construction and Design Schools of Eurasia (A. Moldakalyk, E. Sarbayeva, D. Agzamov, M. Suleymen), winners of international contests of the Research Institute of Construction Physics of the Russian Academy of Architecture and Construction Sciences (A. Moldakalyk, A. Bayzakova), laureate diploma of the Union of Architects of the Russian Federation (E. Murzagaliyeva).
- **Speeches at conferences and symposia in countries of the neighboring and distant countries** (Poland, Turkey, Russia, Azerbaijan, Tajikistan, and others), among which:
 - XII International Scientific and Practical Conference named after V. Tatlin "Rehabilitation of Dwelling Space of the Citizen", Penza, Russia, October 17, 2016 (G. Abdrassilova, A. Tuyakayeva. Impact of the tourist sites on the formation of the regional urban planning in Kazakhstan);
 - International scientific conference "Architectural Environment: the Present, the Future", Dushanbe, Tajikistan, September 17, 2016 (G. Abdrassilova. Architectural methods of improving energy efficiency when designing individual residential housing);
 - International scientific and methodological conference "Modern technologies and methods in architectural-artistic education", Novosibirsk, Russia, September 20-22, 2016 (G. Abdrassilova, A. Tuyakayeva. Integration of architectural and technical disciplines in Spanish school);
 - International scientific and practical conference "Architecture and Urban Development of Resorts, Recreation Areas and Tourist Sites", Baku, Azerbaijan, October 27-28, 2016 (G. Abdrassilova. Architectural and urban construction aspects of development of agro-tourism in Kazakhstan);

G. Abdrassilova, A. Moldakalyk. On the architecture of residential housing of the city of Almaty;
G. Abdrassilova, L. Khayarova. On the issue of development of agro-tourism in Kazakhstan);

- XI International conference – NBTAD 2016 New Building Technologies and Architectural Design, Krakow, Poland, October 13-14, 2016 (G. Abdrassilova. Agro-industrial sector as a perspective direction for the development of architecture in Kazakhstan).

Patents and pre-patents, inventions: in 2015 obtained four certificates of the State registration of intellectual property rights.

Articles published in issues with high impact-factor: G. Abdrassilova. The agro-industrial sector as a perspective direction for the development of Kazakhstan architecture: an educational aspect //Global Journal of Engineering Education, Volume 18, №3, 2016 (SJRI=0,435). –P. 186-189.

Trained thirteen students winners of International (foreign) competitions of scientific research and creative works of students, olympiads, conferences on the training profile.

Participation in dissertation councils, commissions, committees, workgroups:

- member of the Dissertation Council FD.02.41 in Azerbaijan Architecture-construction University (since 2013);
- expert of the National Center of State Scientific-technical Expertise (since 2013);
- expert of the National Agency for Accreditation and Rating (extended January 19, 2017);
- scientific expert of the Romualdo del Bianco foundation (extended November 25, 2015);
- deputy Editor in chief of the international scientific journal "Art and culture issues" of the Institute of architecture and art of the Academy of Science of Republic of Azerbaijan (since 2009);
- member of the International Eco-energy Academy (since December 14, 2015).
